Dear School Nutrition Contact,

In an effort to contact all nutrition sites in the state, we are again issuing a telephone tree. This listing is compatible with the SNA of NH State Directory. Should the situation arise to contact all sites, we are asking you to do your part. Once you have received a message, call the next person indicated on the list below your name to relay that message. This process will continue throughout the entire list. If the first person you try is not available, proceed to the next name on the list so we can move the message forward. However, you should continue to attempt to contact the first person to relay the message but let him/her know the message has already been forwarded.

The following State Officers are designated with a letter and are to call the people with the same letter:

- (A) President

  - (a) President Elect
  - (a) The two Regional Directors (who in turn call the unit coordinators in their regions as well as first person listed in their area).
